PROGRAMMING (JAVA) NC III (October 2024 - December 2024)

- Install and configure computer systems
- Set-up Computer Servers
- Set-up Computer Networks
- Maintain and Repair Computer Systems and Networks

INTERNSHIP

Antasis Inc (IT Support)

January 2025 - May 2025

During my internship at Antasis Inc, I assisted the IT department with various technical tasks. These included inventorying hardware and software, formatting and setting up computers, installing applications and antivirus software, and troubleshooting PC and network issues. I also worked on network documentation, updated floor plans with assigned IP addresses, arranged and tagged cables, and configured system settings like BitLocker and sleep timers. Additionally, I supported the team in remote troubleshooting, file transfers, and basic photo and ID editing.
